

OM-TV

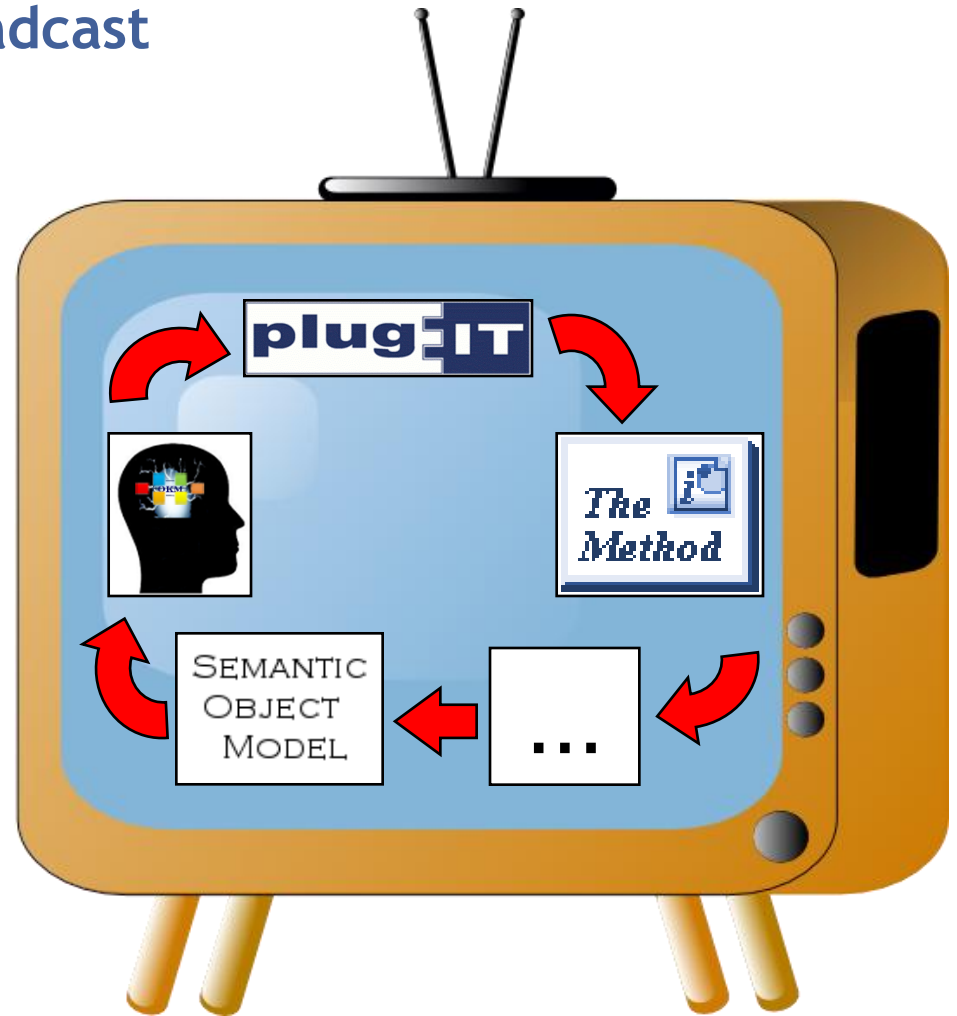

What is the purpose of OM-TV?

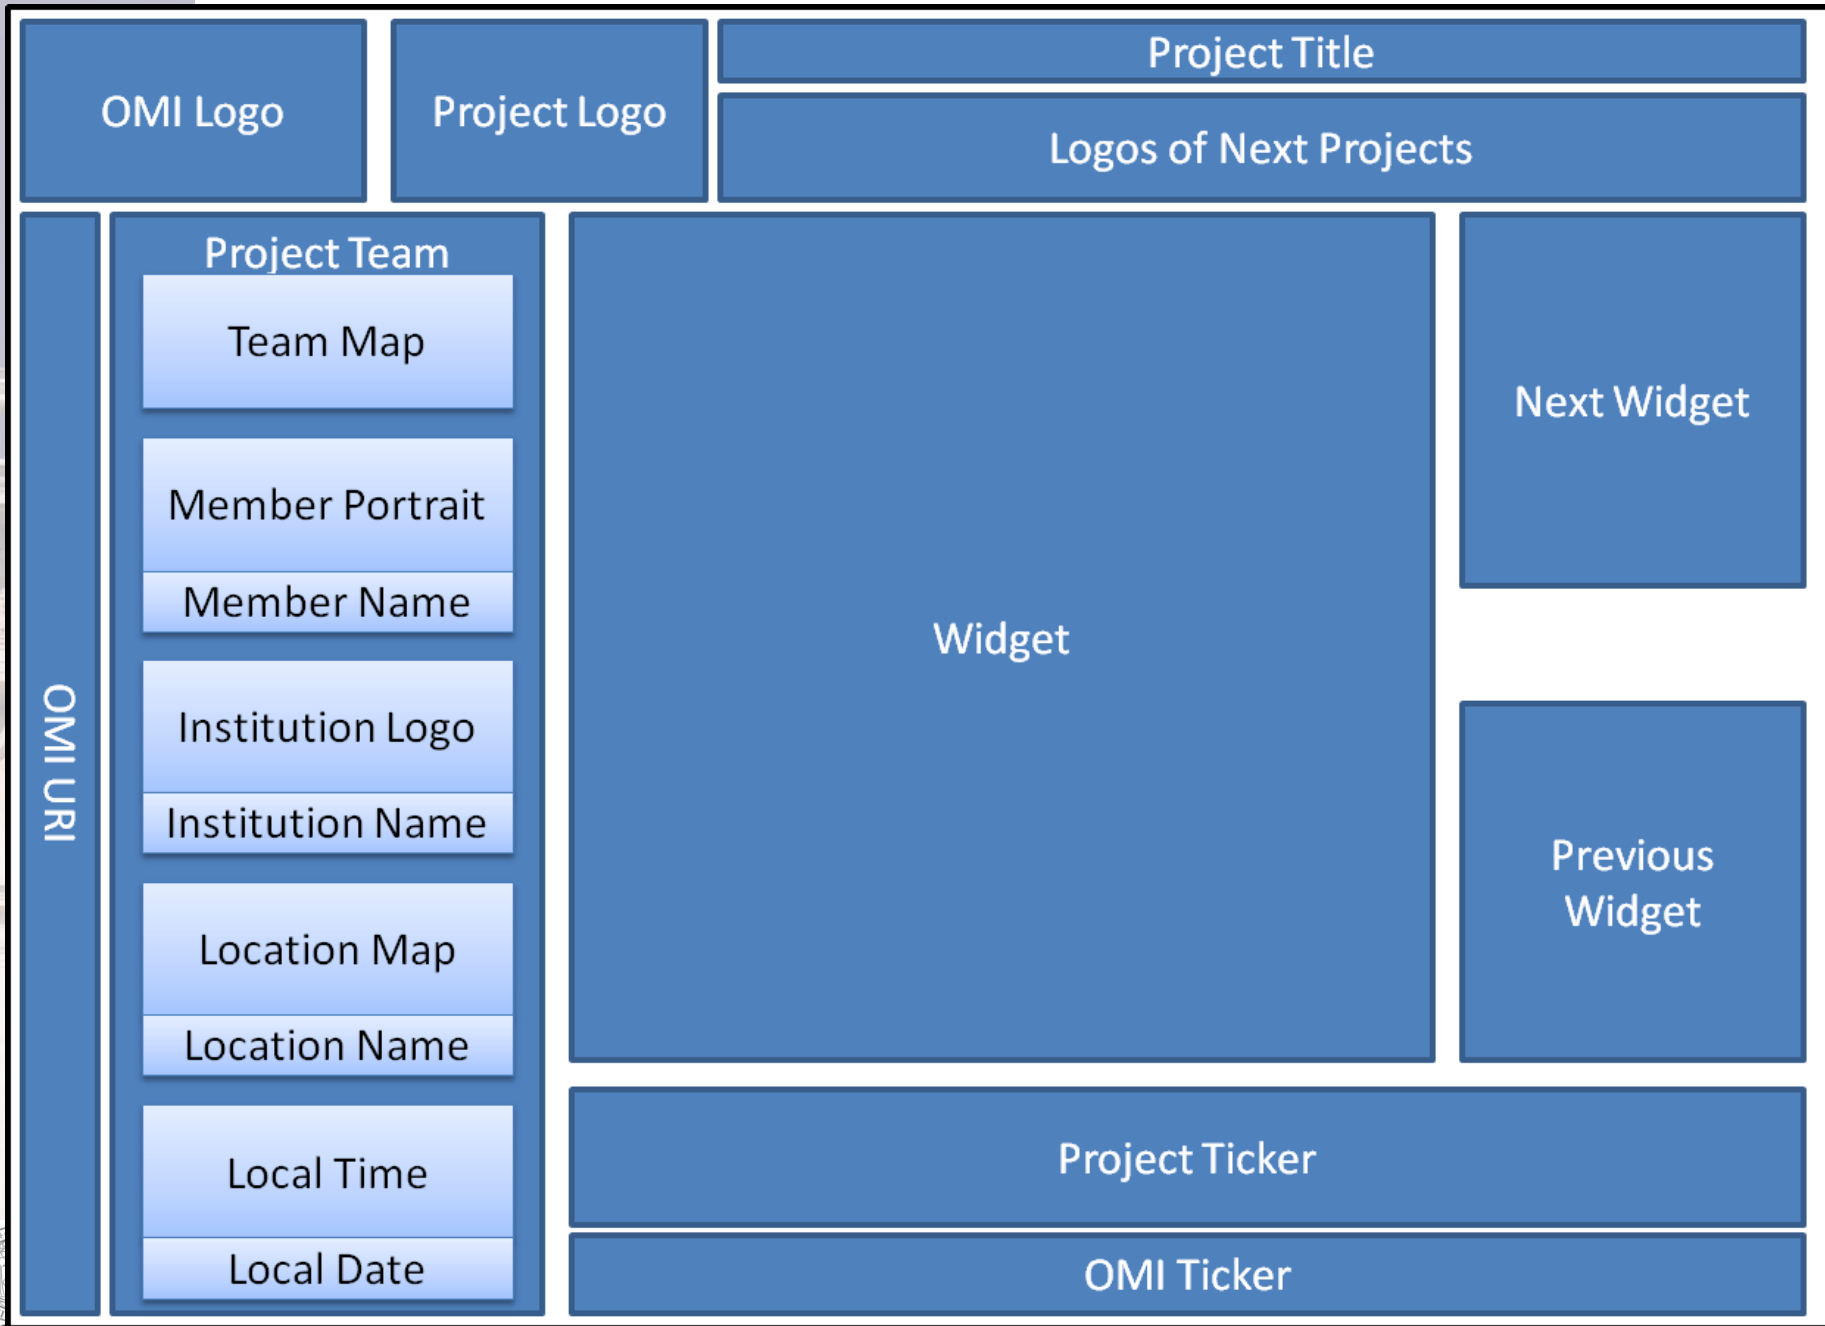

- Presenting open model projects and their respective team members around the world in a synchronized manner.
- The emphasis lies on the **activity** and the **internationality** of the open model initiative.

View: One Project per Channel

View: All Projects in one Broadcast

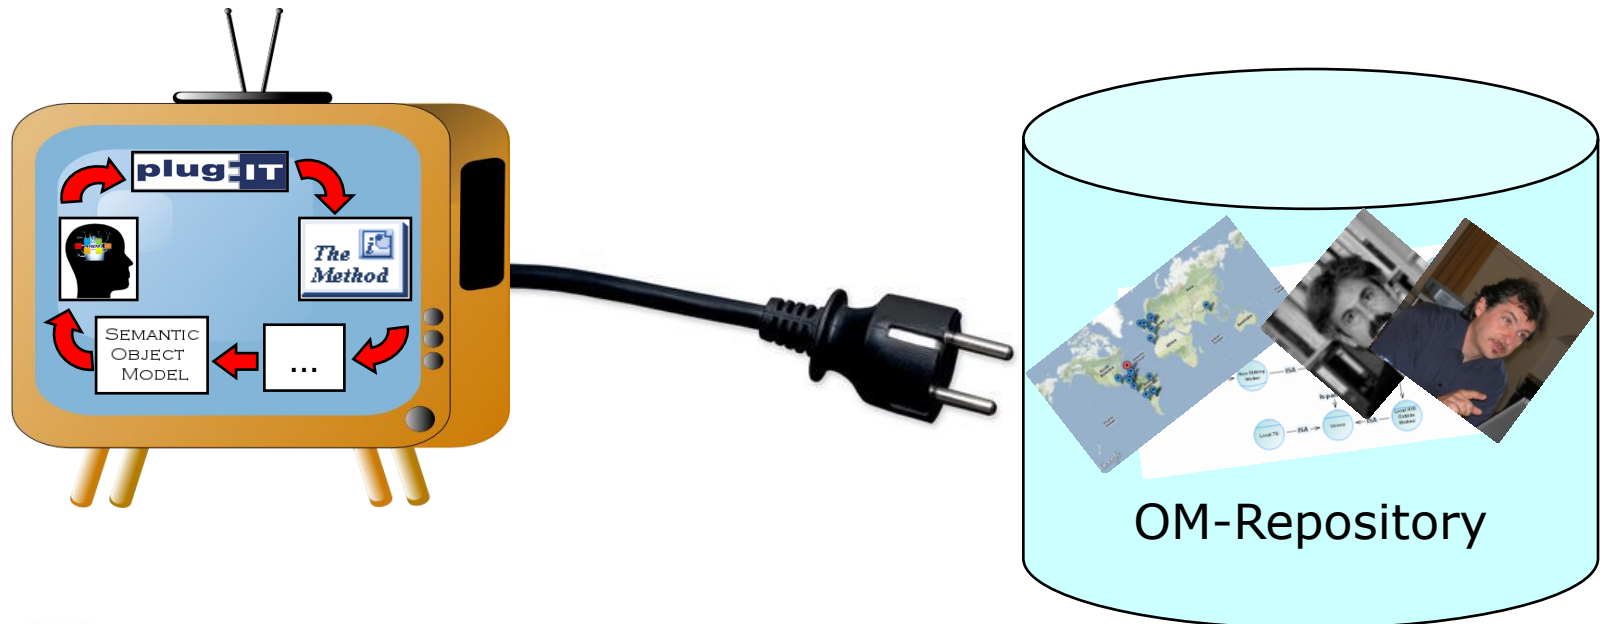

How does OM-TV get its information?

Via the **OM-Repository**:

A content management system based on ADOxx technology for OMI Modellingmethod Projects.
